Appeal

As Founder and Director of **Miles2Smile** Foundation, I am thrilled to introduce our latest initiative aimed at transforming lives and breaking barriers in one of the most underserved regions, Mewat. The Smile International School is not just a school; it's a beacon of hope for marginalized and underprivileged students, including those from families affected by mob lynching incidents.

Mewat, unfortunately, is known for its alarming educational indicators, reflecting the dire need for quality education and support. With this in mind, **Miles2Smile** Foundation, in collaboration with **Shaagird Foundation**, is committed to bridging this gap by establishing Smile International School.

01

Our vision is clear: to provide world-class education that not only empowers students academically but also nurtures their overall development. Smile International School will be more than just a place of learning; it will be a safe haven where every child is valued, respected, and given equal opportunities to thrive.

02

One distinctive aspect of Smile International School is its commitment to inclusivity. We recognize the challenges faced by families affected by mob lynching incidents and aim to provide them with a supportive environment where their children can receive quality education without fear or discrimination. By embracing diversity and promoting empathy, we aspire to foster a culture of understanding and harmony within our school community.

03

Moreover, Smile International School will offer Hifz education alongside its academic curriculum, honoring the rich cultural heritage of the region while equipping students with both secular and religious knowledge.

04

Our team of dedicated educators and staff members are passionate about making a difference in the lives of these students. Through innovative teaching methodologies, personalized support, and extracurricular activities, we will ensure that every child reaches their full potential and emerges as a confident, compassionate, and responsible global citizen.

In conclusion, Smile International School represents a ray of hope for the marginalized communities of Mewat. Together, let's embark on this journey of empowerment, education, and transformation. Join us as we pave the way towards a brighter future for the children of Mewat, one smile at a time.

Key Features

1. The school will operate entirely on a no-profit, no-loss basis, reflecting our deeply held values of selflessness and community service, ensuring that none of the institution's objectives shall stray towards the pursuit of profit.
2. No Board Members, Directors, or Advisory Members will receive any salary. They will also not be entitled to monetary benefits of any kind.
3. The prime objective of the institution is to ensure education for the underprivileged and marginalized, especially survivors of communal violence, mob lynching, and selective communal demolitions.
4. Fifty percent of the seats will be reserved for students coming from these disadvantaged backgrounds. Keeping in mind that ensuring girls' education is far more important, thirty percent of the total seats shall be reserved for girls, with an increase of 5% each successive year until the gender ratio reaches 90:10.
5. Acknowledging that the community is also under-resourced, the infrastructure will be utilized to its full capacity. The school will run in two shifts. In the first shift, normal classes will be held; in the second shift, there will be skill-based learning (soft & hard skills) for drop-out students and bridge courses for Madrasa students. In the second shift, there will also be arrangements for entrance exam preparation for institutions of higher learning.
6. With reverence for tradition and a vision for the future, we embrace the noble task of teaching both the sacred and the secular, weaving together the threads of Deen and Duniya to enrich the minds and souls of our students.
